## VGR's award decision for RAN (Radio Access Network)

On 13 August 2024, Region Västra Götalandsregionen (VGR) announced its award decision for the procurement of the Radio Access Network (RAN), an important component of VGR's 5G network.

Following an open tender process, five suppliers were selected to enter into agreements with Region Västra Götalandsregionen:

- Ericsson AB
- Sitemax AB
- Swedish Northcom AB
- Telia Cygate AB
- Telpartner Sverige AB

The four-year agreement covers the development and implementation of the 5G platform in the region. After the standstill period was lifted on 23 August 2024, contracts were signed with the five suppliers, as no appeals had been submitted.

The first renewed competition (FKU) under the framework agreement is being prepared and is expected to be published during weeks 42–43.
