Swedish Radiation Safety Authority

Västra Götalandsregionen

Date: 28 September 2026

Reference: SSM2026-8582

Regionens hus
462 80 Vänersborg

To whom it may concern

The Swedish Radiation Safety Authority, SSM, hereby confirms that Västra Götalandsregionen has a license to conduct activities involving ionising radiation, which are described below, in accordance with the Swedish Radiation Protection Act 2018:396, 6 Chapter 1 §.

License reference number: SSM2026-8582

Date of issue: 21 September 2026

Date of expire: 13 May 2030

Activities

Import, export, transport, transfer, acquire, provide, possess and use of radioactive substances. Install, maintain and use of technical devices that can emit ionising radiation.

Others

Only the original Swedish license and published regulations are valid if any legal action is to be enforced.
