Communication Bill of Rights

I have the right...

To be given real choices

To have and use my speech system all the time

To ask for and get attention and interaction

To be taught how to communicate

To ask and know about my schedule and my world

To be a full and equal member of my community

To have my speech system in working order & to have a backup

To be spoken with, not about

To be treated with respect and dignity

To say no, refuse and reject choices

To be spoken with, not about

To be heard and responded to (even if the answer is no)

To be communciated with in a sensitive way waymanner

To ask for what I want

To be treated with respect and dignity

To be spoken with, not about

To be a full and equal member of my community
